## Education

### JSS Science And Technology University

B.E in Computer Science And Engineering | CGPA : 9.43

Mysuru, Karnataka

Jan 2022 - Current

### Brilliant PU College

Class 12 | Percentage : 98

Hassan, Karnataka

2019 - 2021

## Projects

### Automate

Service meets Simplicity

- Created a user-friendly application to simplify vehicle service scheduling and complaint management, improving efficiency and user experience.
- Customers can book service slots for available dates and view the bill after service completion.
- Mechanics can accept requests and mark them as completed upon finishing the service.
- Planned Enhancements: Integration of map technology and implementation of a secure payment system.
- Technologies Utilized:** EJS, CSS, JavaScript, MongoDB, Node.js, Express

### SAMS

Students Attendance Management System

- Designed and implemented an integrated system to automate and streamline the recording and calculation of student attendance.
- Teachers can mark attendance and generate comprehensive reports for all students.
- Students can access their attendance records across various subjects.
- Technologies Used:** HTML, CSS, JavaScript, MySQL, PHP

### Currency Converter

Developed a straightforward application to explore and implement data retrieval from APIs.

- Users select a 'From Currency' and a 'Target Currency' to convert an entered amount to the specified target currency using an API.
- Technologies Used:** HTML, CSS, JavaScript

## Skills
